

Shows a Success

By Kaitlin Laffin 3.8.18

On Friday 22nd and Saturday 23rd of June Mount Isa had the local show at Buchanan Park. There were many rides and fun events for the entire family! The council worked very hard to organise this fun event for the tourists and locals!

On the Friday of the show the children got in free because it was a public holiday so students didn't go to school. There was so many rides including The Slingshot, The Hurricane, Music Trip and more for all ages. This year they also brought n a lazer tag that even parents could play! Children loved the lazer tag and it was like 50 v 50 in Fortnite!

Also there was pig racing and a petting zoo for all the pet lovers. In the petting zoo you could not only pet the animals but you could feed them too! Also there was a new edition to this year , a Magician the little children loved! He made any balloon animal you wanted him too! There was way more than this even the food stalls were great!

At 6pm Friday and Saturday night was the PBR (Professional Bull Riding) it was great! Some of the bulls wouldn't get out of the stadium ground. Also one of the bulls stepped on the riders head! It was sponsored by The Buffs Club they said "#BuffItUp". The PBR was also included in your show entry!

The Mount Isa show was a great success you should come down in 323 days (if your reading on the 2.8.189) for 2019!!
