

Year 4 Highlights of 2018!

Winton Camp:

For school camp this year we visited Winton, we went to see The Australian Age of Dinosaurs, Waltzing Matilda Centre, Truck Museum and the Musical Fence. Our favourite part of camp was going to the Australian Age of Dinosaurs and digging for dinosaur bones. We also got to make our own dinosaur bones there! Everyone had a great time swimming every day and just enjoyed spending time with our friends.

Science :

This year in Science the students had the opportunity to complete a number of fun experiments. We have explored the types of rocks, the uses and tensile strength of different materials, grown plants and learnt about friction and gravity with toy cars. Here are some photos of all the fun we got up to:
